

Howard Sisters Take Action to Improve Community Safety

Two community youth, Martina and Lauran Howard have taken the initiative to start a petition to Councilman Ken Oliver for action to be taken about the intersection of Windsor Mill and Old Court Roads. There have been a number of very serious traffic accidents at this intersection in the past several years.

They have canvassed the immediate neighborhood and obtained over 50 signatures in favor of the petition. They sent the petition along with a letter to Councilman Oliver. They are members of the National Society of High School Scholars, and as such, have as their mission to improve the quality of life in their community.

If you have any input or suggestions that will help them with this important cause, they can be contacted at Martina.Oxfordprepacademy@gmail.com or lauran.oxfordprepacademy@gmail.com
